
HR Operations and Talent Acquisition professional with **4+ years** in multinational environments (**Ericsson, Infineon, Bosch**). End-to-end ownership of recruitment lifecycles — strategic intake through onboarding — with strong compliance (GDPR, equal opportunity), candidate experience design, employer branding, and ATS fluency (SuccessFactors, SmartRecruiters, SAP HR). Bridges business process and systems: supports AI filtering rollouts and builds Python automation for workflows lived in production.

EXPERIENCE

Talent Acquisition Operation Partner — Ericsson

Apr 2025 – Present · Budapest

- Complete operational ownership of the Hungarian TA lifecycle under Global TA Standards (Swedish HQ): role analysis → offer → onboarding
- Strategic intake with hiring managers/department heads (role specs, context, timeline, budget, cultural fit); pre-screen applications; structured phone interviews (15–30 min)
- Coordinate technical assessments, language tests, and specialist evaluations; prepare offers (salary, benefits, start, relocation, visa); negotiate within corporate bands and market benchmarks
- Drive contract approval chains; pre-boarding to day 1 (employment data, occupational health, background checks, onboarding packs)
- Partner with global mobility on visas, relocation, and tax equalisation documentation
- Own audit-ready documentation, GDPR, local labour law, and equal opportunity adherence; improve candidate experience (feedback loops, rejection protocols)
- Daily SuccessFactors ATS management, recruiter support, data integrity, KPI/dashboard reporting
- Stakeholders across TA, payroll, people ops, mobility; collaborate with India, UK, Sweden, Estonia, Italy, Philippines
- Local AI-based filtering implementation (test, feedback, train); custom HR automation with Python/FastAPI; HR systems troubleshooting with IT partners

Emerging Talent Acquisition & University Relations — Infineon

Apr 2024 – Apr 2025 · Cegléd & Budapest

- Full intern/graduate hiring lifecycle: job design, multi-channel posting, screening, assessment centres, interviews, offers, pre-boarding
- Design/run group assessment centres (exercises, criteria, scorer training, logistics) for **30–50 candidates** at once
- Gen-Z funnel design: rapid feedback (3–5 days), digital-first communication, transparent timelines, digital interviews
- University partnerships (BME, Óbuda, technical schools); dual education operations; career fairs; Open Days at Cegléd; guest lectures; lab visits
- Employer branding: social content (LinkedIn/Facebook/Instagram), employee/student ambassadors; channel KPIs (source of hire, conversion, time-to-hire, cost-per-hire)
- Remote reporting to Porto central team; standardisation projects across DE/PT/RO/HU; student work-council and agency coordination
