

Delivery-oriented professional facilitating Scrum for a cross-border student product team at Ericsson, mentored by senior Scrum, Product, and Program leaders. Combines ceremony discipline with stakeholder clarity from years in multinational HR operations.

EXPERIENCE

Agile Project Coordinator / Informal Scrum Master — Ericsson (DICE / Native AI)

2025 – Present · Remote / Budapest

- Scrum Master for 9-person student development team building Native AI dashboard/agent
- Full ceremony cycle every 2-week sprint: stand-ups, planning, review/demo, retrospectives
- Mentored by senior Scrum Master, Product Owner, and Head of Program; shadowing additional teams
- **100% sprint goal completion** on committed stories; progress updates to Head of Program

Talent Acquisition Operation Partner — Ericsson

Apr 2025 – Present

- Parallel operational role: global matrix coordination (India, Sweden, UK) informing delivery communication habits
- Support testing/rollout of HR software; AI filtering feedback loops with local teams

Cross-functional delivery context — Infineon / Bosch

2022 – 2025

- Program operations for dual education and large assessment events; remote reporting in matrix structures
- Workshop support, conflict-aware facilitation, and continuous improvement (lean HR)

SKILLS
